

## **ROAD SAFETY COMMITTEE.**

### **QUESTIONNAIRE.**

The September issue of the 4ward magazine will have a questionnaire inserted regarding safety issues on the roads of our parish.

If you have feelings about this subject one way or the other please fill in the form and return it to the village shop as directed.

Remember that we can only respond to what the people of our parish think, so it is very important that you respond to the questions.

Whatever the response from the parish the road safety committee can only action those items that you perceive as an issue. Our objective is to pursue the concerns of the parish and where there are none we need not bother to act. If, however, there are deeper concerns in some areas far more than others, then that is where we will expend our efforts on your behalf.

**Cllr. Ian Bell.**

**Chairman – Road Safety Committee.**
