

Oldbury on Severn Village Clean Up Event - Saturday 10th March at 11am

We are fortunate to live in such a lovely Parish but unfortunately the selfish few seem intent on making it a mess, by throwing all their junk around!

If you are willing to help clean things up then please come along and join the clean-up team, for a few hours, where you will be made most welcome.

It's a really social event as well as benefiting our community.

The team will next meet, on Saturday 10th March at 11am, in front of the Community Shop, who have kindly agreed to provide hot drinks.

Litter picking equipment and bags will be provided by South Gloucestershire Council.

Small groups will then cover the village roads and the river bank, which is badly in need of a clean-up.

After the event there will be a BBQ as a thank you to all participants.

If you can come along it would be a great help if you could let Colin Johnson know beforehand, on 01454 417021, so he can ensure enough equipment for everybody.

Look forward to seeing you on the day
