

OLDBURY ON SEVERN

MEMORIAL HALL.

Following on from the recent Government guidelines the Memorial Hall will not open up until the 17th of May, assuming the Government do not change their key dates in terms of opening up the country. At this point there will be restrictions on capacity and social interaction within the event which will be limited to the 'bubble of six' i.e., if there are 20 people in the Hall then one person can only mix/socialise with 5 other people. As I understand it exercise classes can recommence at this point.
