

**Oldbury Village Cinema Club.  
MEMBER'S NOTICE JULY 2020.**

Dear Members,

I am pleased to advise you that we have now installed the planned acoustic panels upgrade to the Memorial Hall. The installation has been a complete success and the panels have proved to perform as indicated to us by the supplier. Sound levels have been measured to meet the specified levels and you will, once film shows start, be able to assess their benefits yourselves. This also means that other users of our equipment will reap the same benefit which increases the facilities that the hall offers. Including the OVCC, there were 6 funding contributors and whilst your membership fees and financial support comprised 21% of the total cost, the other 79% was spread over the following:-

South Gloucester Council  
Magnox  
The Oldbury Village Shop  
The Oldbury History Group  
Rachel & Paul Pitfield

All the above receive our heartfelt thanks for their support in this continuing improvement to our community activities.
