

New Residents Welcome Pack

The Communications Working Group (a joint venture between the Parish Plan and Parish Council) have produced a Welcome Pack for New Residents to the Parish of Oldbury on Severn. This pack gives lots of useful information about activities taking place in the area.

It is the intention to give a copy of this document to every family or individual who moves into the Parish. We will ask the estate agents to provide us with names, addresses and dates. However, being realists, we know some will get missed, and we seek your help with this. If you are aware of anyone who is moving in please let us know by contacting me, on 01454 417865 or keith@keithsullivan.co.uk

The group continue to update the website www.oldburyonsevern.org.uk if you see anything wrong or want anything added please let us know.
